21. PMSVAMITVA Scheme: The SVAMITVA scheme was launched on 24th April 2020 with the objective to enable demarcation of inhabited land in rural areas by using the latest drone survey technology. The Scheme aims at bringing financial stability to the citizens in rural areas by enabling them to use their residential property as a financial asset for availing loans and other financial benefits.

With a view to unlock the economic potential of the residential assets in rural Abadi areas by leveraging them as collateral, Ministry of Panchayat Raj has suggested that the banks may be advised to closely interact with the State in the meeting of SLBC to work out modalities in this regard.

A meeting (through video Conference) under the joint Chairmanship of Joint Secretary, Ministry of Panchayati Raj and the Joint Secretary, Department of Financial Services was held on 10th August, 2023 to discuss the issues relating to bankability of Property Cards issued under SVAMITVA scheme with the officials of State Revenue Dept. / Land Revenue Dept. and SLBCs in the states of Madhya Pradesh & Chhattisgarh. The outcome of deliberations is summarized as under:

- (I) In the states of MP & Chhattisgarh, State Govt. and Banks have clarified that SARFAESI Act will be applicable for the loans against property cards since the land is under use for residential or commercial purpose.
- (II) Chhattisgarh Land Records Dept. (CLR) has included various suggestions (like inclusion of boundaries of properties, valuation, tehsil, village name etc.) of SLBC, Chhattisgarh on the format prepared for the property cards.
- (III) CLR Dept. clarified that property cards can be registered as updated Khasra records are available which includes the owner's name.
- (IV) CLR may consider creating an Ab-Initio Title Deed/ Deemed Registration to avoid registration and stamp duty being paid by the property owners. This will help banks in creation of a registered mortgage.

SLBC, Chhattisgarh have taken up matter with CLR Dept. to provide the modified "Record of Rights" if there is any changes in the existing format copy to SLBC but the format is yet to be received by the concerned Dept.

Progress in Digital Districts: With a view to encourage digitization of payments and enhance financial inclusion through digitization, initially 6 districts namely Mahasamund, Balod, Mungeli, Raipur, Durg & Korba were identified as Digital Districts in our State to drive digital enablement in the state. **Mahasamund district has been declared as First Digital District in the State.** Further, in line with RBI's recent advisory vide FIDD.CO.LBS.No.S704/02.01.014/2023-24 dated 09.08.2023, it is decided to announce the expansion of the Digital District Programme to cover all the remaining districts of Chhattisgarh. This strategic expansion aims to ensure that the state achieves 100% digital enablement, thus contributing significantly to the growth of digital transactions and financial inclusion.

Under this comprehensive initiative, the Lead Bank of each respective district has been nominated as the Nodal Bank responsible for the successful implementation of the Digital District Programme. The Nodal Bank will play a vital role in conducting surveys, identifying gaps and formulating strategies to achieve the desired goals and targets set by the RBI. The Controlling Head of the designated Lead Bank will have the responsibility of closely monitoring the progress of the initiative, conducting regular reviews of the Lead District Manager's performance and ensuring seamless execution.

Current status of digitization in all Districts of the State as on 30.06.2023 is placed at **Annexure- J1 (Page No. 87)**

26. Pledge financing for agriculture commodities through electronic-Negotiable Warehouse Receipt (e-NWR) :- Warehousing Development Authority (WDRA) has been established under the Warehousing (Development and Regulation) Act, 2007 for setting up a negotiable warehouse receipt system in the country, making Negotiable Warehouse Receipt (NWR) a prime tool of trade and regulation of warehouses.

e- NWR can facilitate easy pledge financing by banks and other financial institutions. e- NWR also helps to save expenditure in logistics as stocks can be traded through multiple buyers without physical movement and can be even split for partial transfer or withdrawal. E- NWRS promote scientific warehousing for storage of agricultural goods and commodities.

Electronic Negotiable Warehouse Receipt (e-NWR)

- Warehousing Development and Regulatory Authority (WDRA) launched the web portal “Electronic Negotiable Warehouse Receipt (e-NWR) System” in 2017.
- The web portal was launched for simplifying the Warehouse Registration Rules, digitizing the entire process of registration, monitoring, and surveillance as well as the creation and management of Negotiable Warehouse Receipts (NWRs) in electronic form.
- The e-NWRs are recorded and maintained in digital form by two repositories approved by the WDRA. These are **the National E-Repository Limited and CDSL Commodity Repository Limited**. This was an important decision to formalize the agricultural economy.
- The e-NWRs would have no chances of any tempering, mutilation, fudging, loss or damage and with no possibility of any multiple financing. Hence, these NWRs will not only facilitate easy pledge financing by banks and other financial institutions but also smooth trading on various trading centers like commodity exchanges, electronic National Agriculture Markets (e-NAM), and other electronic platforms.

Following is the status of Pledge finance made against Negotiable Warehouse Receipts (NWR) in the State as on 30.06.2023
